

Session 8: Final Presentations

Slides prepared by UMBC Protocol Analysis Lab

Last edited June 26, 2026

Presentation order

- ▶ names names
- ▶ names names

Join UMBC PAL!

- ▶ If you liked the things you learned about during the workshop, join us in the lab!
- ▶ UMBC PAL does protocol analysis, digital provenance, and AI security
- ▶ We need math (proofs), computer science (coding), and all kinds of other skills
- ▶ Meetings on Fridays at 1PM on Discord or in ITE 228
- ▶ If you have any questions about joining a project, let one of us know.

Conclusion

- ▶ Thank you all for joining us for these eight sessions!
- ▶ Hopefully you learned something, and are interested in joining PAL.
- ▶ We are aiming to produce a paper about teaching cybersecurity. When the paper is published, everyone will be acknowledged for their participation (by session number).
- ▶ Session 1: We did not have IRB approval, so no data collected for study. Your certificate is still valid, and you will still be acknowledged, we just won't use any data from this round.
