Final “exam”

We want to evaluate if you learned something during the course, and unfortunately the best way to do that and get numbers out is with an exam.

The exam is for us, there is no pressure on you.

Conclusion

- ▶ Thank you all for joining us for these eight sessions!
- ▶ Hopefully you learned something, and are interested in joining PAL.
- ▶ We are aiming to produce a paper about teaching cybersecurity. When the paper is published, everyone will be acknowledged for their participation (talk to us if you do not want to be acknowledged).
